Wilderness

On March 30, 2009, President Barack Obama signed the Omnibus Public Land Management Act of 2009 into law designating 124,406 acres of wilderness in the Zion Wilderness. Ninety percent of the acreage of Zion National Park is managed under the 1964 Wilderness Act. According to the act "a wilderness, in contrast with those areas where man and his own works dominate the landscape, is hereby recognized as an area where the earth and its community of life are untrammelled by man, where man himself is a visitor who does not remain."

North
0 1 2 3 4 5 Kilometers
